Add security permissions to your thesis/dissertation

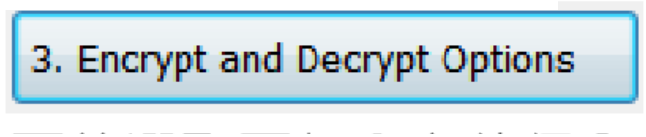

- Adding Page Numbers, Watermarks, and Converting to PDF for Theses Can Be Done in MS Word.
- **Thesis Security Measures**:
  - Download the PDF file processing tool - PDFill https://www.pdfill.com/. Use PDFill to set security measures. Refer to "Downloads" → Add security permissions to your thesis/dissertation.
  - Download the 7-day free trial version of Acrobat Pro https://reurl.cc/rvMKkN. Use Acrobat Pro to set security measures. Refer to "Downloads" → Yuan Ze University ETD File Conversion Guide.
- The computers in the Digital Learning Area on the first floor of the library (Zones K, A, B, C, O, and P) are all equipped with PDFill software. Feel free to make use of them.

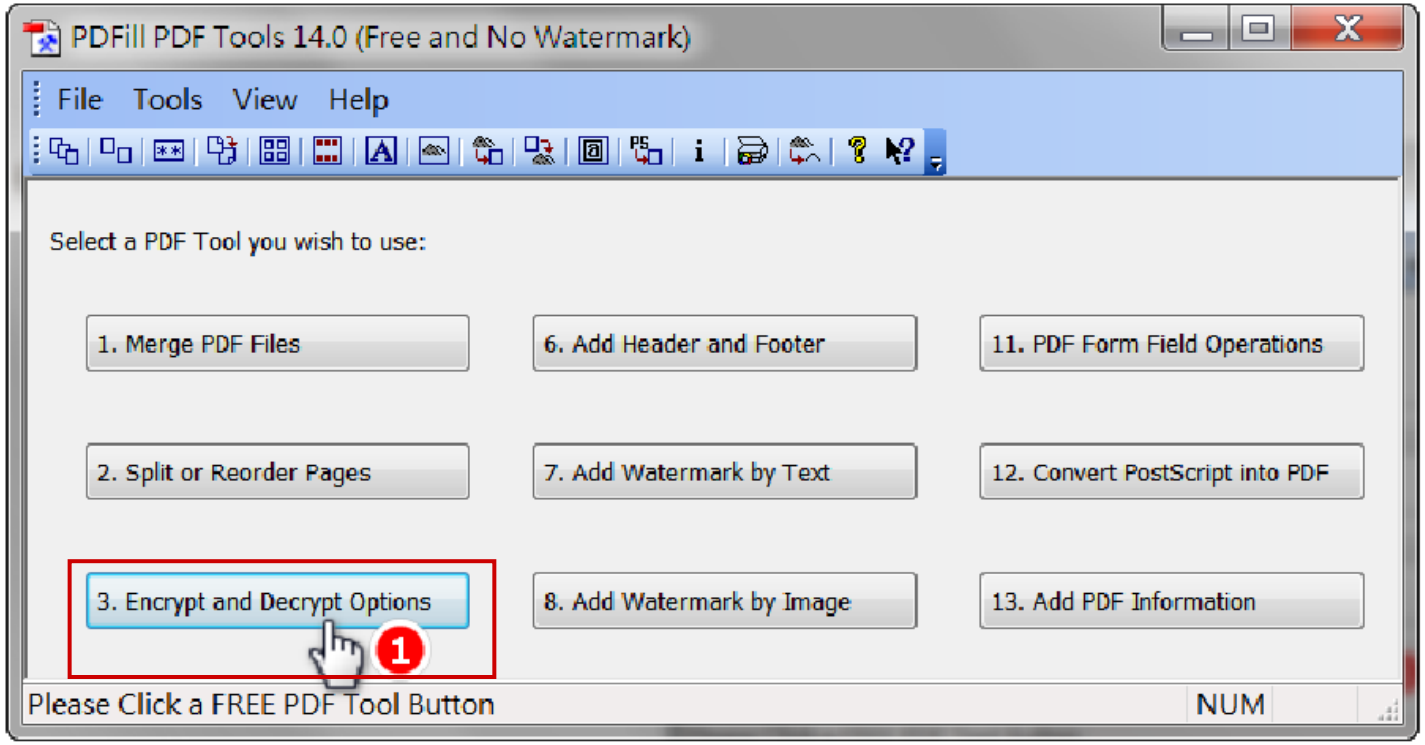

PDFill PDF Tool
